

What's in your BCP plan?

5 Essential questions to ask your **ALSP**

What **technologies** are used to ensure a secure work from home environment?

How is quality and productivity **monitored**?

How many professionally accredited resources are available and able to work **re-motely** and collaboratively?

How is **confidentiality** of work product and related materials maintained and enforced?

Is there a BCP **plan in place** and how has it performed?
