

**Case Study:**  
**GenAI-Enabled Contract Migration**

Large data migration project sees  
**53% productivity gain using gen AI**

**Client**

Global Fortune 500 data company

**Challenge**

With a new contract lifecycle management (CLM) system, the client had the daunting task of migrating over 100,000 documents to the new platform and abstracting and populating 150 fields.

**Solution**

Client selected Integreon contracts migration services which include use of Leah Legal Copilot bringing added efficiency and cost-savings.

The following highlights the benefits and savings of a generative artificial intelligence (gen AI)-enabled contracts data migration.

**Traditional Approach**

Activities	First Level Review (Min)	Quality Control (Min)	Final review/ Admin (Doc Upload) (Min)	Total Time per Doc (Hr)	Total Time for Completion (Hr)	FTE Required
Abstraction and validation	56.50	27.88	3.75	1.47	14,688	52

**Leah-Based Approach**

Activities	Model Building (Min)	Quality Control (Min)	Final review/ Admin (Doc Upload) (Min)	Total Time per Doc (Hr)	Total Time for Completion (Hr)	FTE Required
