

Presentation Graphics Services

Running any business requires a range of support services operating in unison with the tempo of the organization. Partnering with a proven leader in managed services ensures support for these vital functions, enabling you to focus on your clients' needs while growing to meet the demands of your markets.

The benefits

- Our expertise to build, produce, guide and design presentation graphics is unparalleled.
- Trusted by the world's largest financial and consulting firms globally, who turn to us every day to ensure brand compliance, deliver compelling visuals and manage effective delivery from teams of 4 to 400+.
- In our 20+ year history, Integreon has proven its ability to create standardized, high-quality, high-impact, on-brand presentations under difficult deadlines for multiple clients.
- Integreon works with existing client templates and folder structures, or, working in conjunction with subject matter experts and key end-users, develops client templates to ensure consistent output.

Services include

- Creating pitch / marketing projects for print and projection.
- Map tracing and plotting.
- Converting templates into client branding and vice-versa.
- Creating board level presentations.
- Creating templates for cyclical projects (monthly / quarterly).
- Converting handwritten documents into presentations.
- Creating company profiles.
- Creating information memorandums.

Utilizing world-class delivery capabilities, we transform document services.
