

Contract Review and Analysis Services

Faced with trigger events such as the move to a new CLM platform, the integration of an acquired organization's contract portfolio, internal audits, and regulatory compliance requirements, Integreon helps corporate legal departments review and analyze information from large volumes of legacy contracts. We leverage industry leading AI technology to speed up and reduce the cost, and to help provide our clients with contract data analytics.

Contract Lifecycle Management

- Integreon is a market leader in contract management and review, contract process transformation and contract playbook design.
- Providing numerous leading corporations with teams of outsourced lawyers, paralegals, contract specialists and support staff – onshore, offshore and on-site – and deliver measurable value through a full menu of contract lifecycle management (CLM) services.
- Scalable to meet your contract needs through our efficient, high-quality work - freeing your staff for higher-value projects.

Services include

- CLM platform migration.
- Regulatory review (e.g. GDPR, Brexit, MiFID II, LIBOR).
- Post-acquisition contract portfolio integration.
- Internal contract portfolio audits.
- Contract portfolio data analytics.

We chose Integreon because of their demonstrated expertise in regulatory driven contract review and repapering. Their understanding of commercial contracts and ability to adapt to GDPR has freed our global in-house legal team to focus on higher level tasks.
